Office of the Commissioner of the Ministry of Foreign Affairs of
the People's Republic of China in the Hong Kong Special Administrative Region

Dear Mr or Madam

The world today is undergoing profound changes unseen in a century with Covid-19 posing major challenges to the global economy. It is a shared aspiration of all countries to enhance cooperation, overcome difficulties and pursue development.

China, well-positioned for closer global cooperation, is fostering a new development paradigm with domestic and international circulations reinforcing each other and remains an engine of the world economic recovery and development.

The Guangdong-Hong Kong-Macao Greater Bay Area (GBA), as a huge market with a population of 70 million, a world-class industrial base and an international financial and trade center with two social systems and three customs zones, has attracted worldwide attention and enjoys a promising future.

Hong Kong, as a vital part of the GBA and a vibrant international financial, trade and shipping hub, will usher in a brighter future of prosperity, stability and sound-governance on a right track.

To help the foreign business community in Hong Kong to know more about the opportunities and strengths of the GBA, the Commissioner's Office of the Ministry of Foreign Affairs in Hong Kong, together with the HKSAR Government and the Guangdong Provincial Government, will hold a "virtual tour" to the GBA themed as "A New Journey with Greater Opportunities" for foreign businesses in Hong Kong on November 26th, 2021. The event will be both online and on site with Hong Kong as the main venue and Shenzhen sub-venue.

We invite Chambers of Commerce and their member enterprises in Hong Kong to join in the event, seize development opportunities and exchange views about Hong Kong's future.

The Ministry of Foreign Affairs, the National Development and Reform Commission, the Hong Kong and Macao Affairs Office of the State Council, Guangdong Provincial and municipal governments, the HKSAR Government, and representative enterprises in the GBA will elaborate on their policies and plans for GBA's development and answer your questions.

In view of your long-standing contributions to the GBA and your influence in the international business community, we invite you to participate in the event at the Hong Kong main venue (the 3rd floor of the Commissioner's Office) or at the Shenzhen sub-venue (location to be determined) or via video link. We look forward to your continued support to the GBA.
